

# Basics of Scanning Photographs

**What's a Pixel?  
What is DPI?  
What's the difference  
between TIFF and JPG?**

**Do you know the importance of understanding the terminology when scanning photographs? Learn the basics on how to organize, scan, and store family photographs digitally. Also, receive suggestions on equipment needed for scanning projects.**

**E-mail: [genealogy@acpl.info](mailto:genealogy@acpl.info) or call 260-421-1225 to register.**

**Wednesday  
February 10, 2010  
2:30 pm  
Meeting Room C**

**The Genealogy Center  
Allen County Public Library  
900 Library Plaza  
260-421-1225 ■ [www.acpl.info](http://www.acpl.info)**
