### Loan Periods and Limits

- New customers who do not provide proof of residency at the time of registration are limited to six items of any format at one time until their permanent residence is verified via mailed postcard or they bring in other mail as proof of residency.
- Customer borrowing of physical material privileges are suspended when the fine limit of \$15.00 or more is reached. Customer must pay enough to be below the threshold to have privileges restored.
- The Library establishes standard Loan Periods and Borrowing Limits based on material type.
- Most borrowed materials may be renewed up to five times unless there is a hold on the item for another customer or the item is an Express item or Equipment. 3-Day Equipment **cannot** be renewed.

### **Holds**

As a service to customers, the Library allows holds to be placed on most items. This ensures that customers will have access to an item once it is available.

- To ensure timeliness and efficiency in the holds service, the Library limits the number of active holds an individual may have at one time. This limit is reviewed regularly.
- The act of placing a hold on an item does not guarantee availability of the item within a specific timeframe.
- Customers can expect to wait a few days on available items before they are ready for checkout due to processing and delivery.
- Customers cannot place holds on In-house Use or 3-Day Equipment materials.
